Reverse Logo

Note: Lancaster County Agriculture Society should use either the Lancaster Event Center logo or Super Fair logo for representation depending on the type of communication.

## Logo Guidelines

The logo may not be reproduced to measure smaller than .625" high.

Use the width of the rooftop/cupola or one tent panel in the logo as one 'x' unit. No content or objects should be placed within one 'x' unit of any edge of the logo.

Do not skew or slant the logo in any way. Do not disproportionately scale or stretch the logo. Do not re-type or re-draw any elements of the logo. The logo may be placed in a lower corner of a photographic background in a way that does not interfere with the main content of the image.
